

# MileStones in MS

The Corpus is a specialist medical education provider with a bespoke online videoconferencing platform designed to deliver a comprehensive presentation and facilitate engaging discussion between frontline healthcare professionals and internationally-renowned experts. We are looking to partner with Multiple Sclerosis organisations with members that we can invite to our free expert-led virtual medical education meetings.

This independent, CME-accredited programme in Multiple Sclerosis (MS) is guided by our Steering Committee Member, Professor Gavin Giovannoni from Barts and The London School of Medicine and Dentistry, and covers a range of key topics of interest around MS, to improve patient outcomes and management.

## Learning Objectives

- Explore pharmacovigilance in MS
- Identify emerging treatment targets
- Discuss models of care for MS patients
- Define treatment options for women with MS

## Faculty

**Dr. Riley Bove**

UCSF, San Francisco, USA

**Topic:** Comprehensive treatments of women with MS during menopause

**Dr Will Brown**

Cambridge University, UK

**Topic:** Emerging remyelination therapies

**Prof. Gavin Giovannoni**

Barts and The London School of Medicine and Dentistry, UK

**Topic:** Sequencing from one class of DMT to another in the presence of lymphopaenia

**Prof. Kerstin Hellwig**

St. Josef Hospital / Ruhr University, Bochum, Germany

**Topic:** Update 2021 – Family planning and MS

**Dr. Erin Longbrake**

Yale school of Medicine, Connecticut, USA

**Topic:** B-cell depleting therapies for MS: Monoclonal antibodies and BTK inhibitors

**Dr. Emma Tallantyre**

University Hospital of Wales, Cardiff, Wales

**Topic:** Vaccine readiness on Disease-Modifying Therapies (DMTs)

Each Corpus meeting lasts 1 hour: a 30-minute presentation delivered by the expert speaker is followed by an intimate and interactive 30-minute Q & A. The participants can ask the speaker any questions they may have in the Q & A – this is their time to get answers to the questions that interest them the most!
